

Dear FCC:

My comments are about MB Docket No. 04-232. Requiring small broadcasters to operate under the provisions of this proposed regulation would virtually put some of us out of business due to the expense and man hours it will take to record and maintain such recorded archives. Small broadcasters are already overburden by the day to day operations as it is. We can't afford to hire people because of budget restraints. We are a small town NCE in a county that has one of the highest unemployment rates in our state.

It is difficult enough now to make ends meet. The FCC should not be in the business of over burdening the small broadcaster with unnecessary regulation and putting us out of business. Please do not enact MB Docket No. 04-232. Thank you for your time.
